

Traits in languages for embedded devices

Roel Wuyts
Université Libre de Bruxelles

Historically...

- Everybody likes mixins (well...)
 - but never really adopted
- How to make a similar approach popular?
 - Traits resulted

So

- Traits for software engineering purpose

Other context

- Look at ‘restrained environments’
- Use Traits to make objects ‘small’
- Needed
 - Can be static or dynamic context
 - Add composition checks
 - ...
