

## Compiler Construction 2013

### Important Remarks

- Scoring scheme: Assignments – 10%, Project – 30%, Exam – 60%
- Assignments: There will be two or three assignments during semester. On Friday after the lecture (12:00 - 13:00) exercises will be posted on the CC website <http://scg.unibe.ch/teaching/cc/>. Solutions are to be provided by e-mail (to: [cc-staff@iam.unibe.ch](mailto:cc-staff@iam.unibe.ch)) no later than the start of the next lecture (next Friday at 10:00). Solutions handed in later will get one grade subtracted for each 24h period (in case of serious reasons send us an e-mail).
- Project: A couple of milestones during the semester will be set. Details will be given with the project requirements.
- Exam: Test of the entire course material.
- Assignments and the project will be done in pairs. The exam is taken individually.

### How to Qualify for ECTS points

- Each series is rated according to the usual rating system with a scale from 1 to 6, with the following meaning:  
6 - excellent, 5 - good, 4 - sufficient, 3 - not sufficient, 2 - bad, and 1 - no solution provided.
- To qualify for the ECTS points, the average mark of all series is required to be a least *sufficient* (i.e. 4). If you are not able to do a series (military service, illness, etc.) let us know as soon as possible.
- Please do not copy solutions from others (nor from the Internet). If you really cannot figure out something yourself, discuss it with us or post to the mailing list (see below). In case of copied solutions, you will get a mark of 1.

### Questions and Discussions:

- For specific questions concerning the exercises: [cc-staff@iam.unibe.ch](mailto:cc-staff@iam.unibe.ch).
- Post questions and discussions of general interest to the mailing list [cc-vorlesung@iam.unibe.ch](mailto:cc-vorlesung@iam.unibe.ch).

### Assignment for this week:

- Find a partner for the assignments and the project. Send an e-mail to [cc-staff@iam.unibe.ch](mailto:cc-staff@iam.unibe.ch) stating name, e-mail and student ID numbers (Matrikelnummer) for both students of the pair.
- Register to [cc-vorlesung@iam.unibe.ch](mailto:cc-vorlesung@iam.unibe.ch) mailing list (<https://www.iam.unibe.ch/mailman/listinfo/cc-vorlesung>)
